

Analytical Services for Non Precious Metals

Our independent laboratory offers assaying/analytical services for non-precious metals and mineral ores.

Prices

- Steel Alloys and Ferro Alloys (metal content only per sample) £50.00
- Elemental analysis of ores and other metal alloys (per element)
Al, As, B, Ba, Be, Bi, Ca, Cd, Ce, Co, Cr, Cs, Cu, Dy, Fe, Ga, Gd, Ge,
Hf, Hg, In, K, La, Li, Mg, Mn, Mo, Na, Nb, Nd, Ni, Pb, Pr, Rb, Re,
Sb, Sc, Se, Sn, Si, Sm, Sr, Ta, Tb, Te, Ti, Tl, Tm, V, W, Y, Yb, Zn, Zr £100.00 per sample
- Ag, Au, Ir, Os, Pd, Pt, Rh, Ru £40.00 per element

Additional determination

- Moisture content £50.00
- All material containing silicon (except SiC) £50.00

All charges listed are subject to VAT.

Analysis

All analysis will be on the basis of "Party" analysis.

Testing performed using Inductively Coupled Plasma Optical Emission Spectrometry.

We offer testing only, and do not carry out sampling. Samples must be prepared and ready for analysis before submitting, and samples will be tested as received.

Additional treatment of samples may be necessary before analysis can take place. This will be at an additional cost. P.O.A.

Health & Safety

It is important to notify the laboratory of anything in the sample to be tested that may be hazardous to health. Radioactive material cannot be accepted for testing and analysis.

Our Standard Terms and Conditions apply. Please see our website for further details.
